Miscellaneous

Proudly woven in the USA supporting our local communities.
Colors may vary slightly between dye lots.
These are directional fabrics. Brook and Surf shown railroaded.
Application testing of these products is recommended.

Visit guilfordofmaine.com for complete specs and samples.

* Terratex is a registered trademark of True Textiles, Inc. and designates fabrics that are made from 100% recycled or compostable material using increasingly sustainable manufacturing practices to produce a high quality product that is recyclable at the end of its useful life.

* CO₂ emissions from 100% of the electricity used by the manufacturer to produce these products have been measured and offset in accordance with The CarbonNeutral Protocol.

† These patterns are included in the underwriters laboratory panel fabric recognition program. Additional testing of these U.L. recognized component fabrics is not required on approved panels from participating manufacturers.
